Programming protocols in advance

Programming protocols in advance
The programmable control unit has an additional display facing the operator. It is possible to program up to 24 user-defined protocols.

Multifunctional
The ergometer can be used in various ergometry settings, enabling a multifunctional deployment.

Heavy Duty Design
The Excalibur Sport is designed for heavy duty sports medicine ergometry, without doing any concession on the esthetic, modern and robust design. In other words: Excalibur Sport: the gold standard in Ergometry!

Original Accessory
Accessory designed and manufactured according to the Lode company quality standards
